SUMMARY

Full Stack Web Developer with a background in Interpersonal Communications and unrelenting dedication to learning. Adept at combining creativity and problem solving to develop user-friendly applications. Known among peers for hard work ethic and attention to detail no matter the complexity of the project. Effective at communicating and coordinating with team members.

TECHNICAL SKILLS

Languages: HTML5, CSS3, JavaScript, JQuery, Node JS, Spanish

PROJECTS

Travel Almanac | https://github.com/Nimarti548/Travel-Almanac.git|https://nimarti548.github.io/Travel-Almanac/

- A search engine that allows user to search a country and learn basic information about it as well as a five-day weather forecast. Includes interactive map.
- My responsibilities in the project were to write the JavaScript for the fetch function as well as taking the retrieved data and appending it to the correct section of the HTML.
- HTML, CSS, JavaScript, Materialize, Open Weather API

Code Quiz | https://github.com/Nimarti548/Code-Quiz-Challenge.git|https://nimarti548.github.io/Code-Quiz-Challenge/Index.html

- A game that tests the user's knowledge in programming languages and saves high scores.
- My responsibilities with this project were to write all the JavaScript, HTML, and CSS.
- HTML, CSS, and JavaScript

Weather Dashboard | https://github.com/Nimarti548/Weather-Dashboard.git

|https://nimarti548.github.io/Weather-Dashboard/

- A Weather application that allows the user to look up any city and see its current weather as well as a five-day forecast.
- My responsibilities with this project were to write all the JavaScript, HTML, and CSS.
- HTML, CSS, and JavaScript
